EMD- Exec has reached Quorum

BM- Retuning officer was approached about leave over weekend about annual leave, returning officer replied and was very accommodating. In Katie's case we were asked the day before her annual leave to accept the leave, the executive passed this and leave was permitted.

We have lodged an appeal to IADB in relation to the retuning officer's decision to deny the annual leave. We are appealing based on the fact that Katie was given the same opportunity to campaign and take leave with the same notice being given, both sides in our minds should be treated equally in this regard. We acquire the approval of the executive to appeal the decision to the IADB.

NT- Can we vote on whether or not to support the executive to appeal the decision of the returning officer.

Vote passes unanimously

BM- If the annual leave isn't approved we have taken the decision to apply for unpaid leave.

EMD- Have we execs approval to appeal to IADB to take unpaid leave?

Passes unanimously

Meeting convened at 18.00
