Vote Ben #1

@BEN4LAW

### Who am I?

I'm a second year student law with politics student, I'm involved in several student societies such as the SLS where I volunteer in the Free Legal Advice Clinic, Law soc where I have developed my advocacy skills through various competitions and LGBTQ+ soc where I'm an ordinary committee member. I have a pet bearded dragon called Fafnir, I was a founding member of my schools well-being committee and I'm a qualified sailing instructor although I currently work for a solar panel company (avid supporter of the environment tbh).

### Why Vote For Me?

I have experience working with the union previously as a class representative, as an ex-lessee of Lyall on Land Law I understand the importance of the accessibility issues we face in law, as a commuter I understand the need for improved facilities on campus and as a summer intern reject I am passionate about improving career services and supports!  
(I also survived working in hospitality, a clear demonstration of my mental fortitude and resilience and capabilities.)

My number one concern alongside my manifesto points is improving engagement between students and the union. I aim to make sure that the union is providing the necessary supports for us and that everyone feels represented. The theme of my manifesto is accessibility and increasing accessibility will be reflected in all my points!
